

SUNY Cortland

**Congratulations on
finishing the first week of
distance learning!**

You are #RedDragonStrong

We would like you to see, in person, all that SUNY Cortland has to offer—the rolling hills, facilities, planetarium, art gallery, and 100,000 square foot student life center.

We wanted you to see our faculty, students, and staff engaged in teaching and learning, transformational experiences, athletics, service, and committing to their well-being.

So here are a few insights that help paint a picture of SUNY Cortland beyond the page!
