

Tripling Rules

Residence Life and Housing has set up the following guidelines to ensure a smooth transition into tripled living.

If you have the TOP BUNK, you will have your OWN CLOSET and will SHARE A DESK.

If you have the BOTTOM BUNK, you will have your OWN DESK and will SHARE A CLOSET.

If you have the SINGLE BED, you will SHARE A DESK AND CLOSET.

If you arrive early before your roommates, please do not settle into the entire room until your roommates get here so you can discuss what bed you will have.

As a team, you can decide to make changes to the rules, but everyone must agree. All changes should be indicated on your roommate agreement form.

Your RA and RHD will be available to assist you.
